## II. OVERVIEW OF THE PRE-MOOT

### A. GLIMPSE ON THE PRE-MOOT

The Pre-Moot is an annual training opportunity for students that will be competing in the Vis Moot and students generally interested in international commercial arbitration.

The Pre-Moot echoes the goal of the Vis Moot since it is designed to stimulate the study of international commercial law and the use of arbitration to resolve international commercial disputes. Furthermore, in light of Malaysia’s further development as an arbitration-friendly jurisdiction and growth of international arbitration caseload, it is important to encourage local and international students to study international arbitration. The overarching theme of the Pre-Moot is to educate the students about the importance of understanding the mechanisms of arbitration and to give them a glimpse of how to become an arbitration practitioner.

The Pre-Moot is a unique initiative which helps talented students from all over the world experience the atmosphere of a real arbitral proceeding. The first edition of the Pre-Moot commenced when AIAC was known as the Kuala Lumpur Regional Centre for Arbitration. The competition lasted for three days (17<sup>th</sup> – 19<sup>th</sup> March 2017) and featured a broad array of hearings, educational and social events, as well as the very first Gala Dinner celebrating diversity of cultures. More than 150 students (36 teams from 15 different countries) and 116 arbitrators participated in the first edition of the Pre-Moot. The Champion of the international final was National Law University in Delhi, India. The winner for the Malaysian final was International Islamic University Malaysia.<sup>1</sup>

The second Pre-Moot also lasted for three days (2<sup>nd</sup> – 4<sup>th</sup> March 2018) and featured the First Asian Conference for Students and Young Practitioners, jointly organised by the AIAC's Young Practitioners Group (the "**AIAC YPG**") and the ICC Young Arbitrators' Forum (the "**ICC YAF**"). The First Asian Conference for Students and Young Practitioners (1<sup>st</sup> – 2<sup>nd</sup> March 2018) allowed outstanding students and experienced arbitrators share their practical and academic experience along with their ideas. During the second Pre-Moot, the AIAC welcomed over 60 teams, with close to 300 participants, 177 hearings and 160 arbitrators from 21 countries, making it not only the largest Pre-Moot in Asia but one of the largest internationally. The Champion of the international final was Gujarat National Law University, India. The winner of the Malaysian final was Brickfields Asia College, Malaysia.

The third Pre-Moot was held on 22<sup>nd</sup> – 24<sup>th</sup> March 2019. The Pre-Moot opened with the conference titled "The Anatomy of International Arbitration: Procedure, Substance and Enforcement" jointly organised by the AIAC YPG and ICC YAF. The third Pre-Moot has proved itself to be the biggest pre-moot internationally: the AIAC welcomed 90 teams with close to 380 participants from 21 countries and 180 hearings with over 200 arbitrators. The Champion of international final was

## B. GETTING AROUND KUALA LUMPUR

Kuala Lumpur is a busy city and gridlocked traffic is common, but it has an extensive network of buses, taxis, light rail commuter trains, monorails and trains. Thus, getting around the city is easy.

It is not advisable for you to use taxis and buses during rush hour, which is typically between 07.30AM – 09.30AM and 5:00 – 7.30PM. Instead, utilise Kuala Lumpur's comprehensive urban rail-based network; it has lessened the city's traffic jams by serving between 130,000 to 150,000 commuters per day.
