# **SPORTS ARBITRATION**

ENDORSED BY:

The Kuala Lumpur Regional Centre For Arbitration has identified the need for resolution of disputes in the sports industry in Malaysia. Arbitration has been known to be an effective medium to resolve disputes amicably and that conviction remains a principal catalyst of the upcoming **Malaysian Sports Tribunal (MST)**. With the upcoming establishment of MST, the sports ministry and associations alike will be able to pass on the intricacies of dealing with sporting disputes to the newly formed body and in turn focus on the development and capacity refinement of their respective portfolio.

To this end, a specialised set of MST Arbitration Rules is currently being finalised, along with a specialist panel of Sports Arbitrators drawing on both arbitration and sports communities, and the drafting of a flexible cost structure. Accordingly, there will exist a need for sports stakeholders to familiarize themselves with the technical aspects of MST's framework, which to an extent mirrors the CAS system.

In Malaysia, sporting dispute resolution remains at its infancy, where knowledge and experience in the theoretical and practical aspects of sports dispute resolution at national and international levels amongst sports stakeholders throughout Malaysia has been scarce at best.

The KLRCA Certificate Programme in Sports Arbitration is endorsed by The Olympic Council of Malaysia.

## DIRECTOR'S MESSAGE

### DATUK PROFESSOR SUNDRA RAJOO

Director, Kuala Lumpur Regional Centre for Arbitration

The KLRC A Certificate Programme in Sports Arbitration is the first of such certification courses in the Asia Pacific region. Last year's inaugural edition proved to be a huge success attracting 50 candidates from across the globe. It created the pioneering batch of specialised sports dispute resolution individuals in the region. The Olympic Council of Malaysia (OCM) has also for the first time introduced KLRC A as an independent body that will adjudicate cases arising during the Kuala Lumpur SEA Games in August 2017. In addition to the upcoming establishment of the Malaysian Sports Tribunal (MST), there will be a growing demand for further specialised sports dispute resolution individuals.

This course also caters to sporting enthusiasts who are just interested in knowing more about the mechanisms involved in sports dispute resolution on a personal capacity without having intentions to be involved directly with the MST.

I would like to take this opportunity to thank the course directors of the KLRC A Certificate Programme in Sports Arbitration for all their assistance in shaping the course programme and preparing the course materials.

You will leave the programme empowered, to lead at the edge, knowing the ins and outs of the industry and its policies, structure and frameworks; and contribute towards upholding the honour and goodwill of the game through the skills and knowledge imparted.

Thank you.
