MESEA WEBINAR SERIES 2021

CONSTRUCTION & INFRASTRUCTURE DISPUTE RESOLUTION IN MESEA

COVID-19 wrecked the Construction & Infrastructure sector in 2020. Are Parties more diligent in 2021 to manage risks and resolve disputes in the construction industry? The construction & infrastructure sector in the MESEA region has been significantly impacted due to the ongoing pandemic with uncertainties ranging from supply chain disruptions to regional lockdowns causing delays and construction cost escalations. This webinar provides Perspectives from a General Counsel, an Arbitrator and Practitioners on managing and resolving 'Construction & Infrastructure Disputes' in MESEA region. The panellists will endeavour to set forth the important factors, share war-stories and legal strategies that affects risk management in major complex construction projects in MESEA region. The discussions will range from construction industry insights, contemporary legal principles in construction contracts, efficient conduct of construction ADR mechanisms, to challenges and enforcement of DAB decisions and Awards in the MESEA region.
