

TECH EXPERT COMMITTEE STANDARD FORMS – SOFTWARE DEVELOPMENT CONTRACT

The AIAC Tech Expert Committee (AIAC TEC) is delighted to launch its Standard Forms – Software Development Contract (SFs – SDC). The AIAC TEC SFs – SDC aims to provide a useful template, encompassing the best industry practices and ensuring that the rights and obligations of the stakeholders involved are balanced. Attendees will hear from the TEC Members, who drafted the SDC alongside the AIAC TEC Team, on how to customise the SDC, the rights and obligations of the customer and developer under the SDC, and how disputes are dealt with under the SDC. The Launch will close with a Q&A session with all the speakers and TEC Members.
