International Bar Association

the global voice of the legal profession

The International Bar Association (IBA), established in 1947, is the world's leading organisation of international legal practitioners, bar associations, law firms and law societies.

The IBA influences the development of international law reform and shapes the future of the legal profession throughout the world. It has a membership of more than 80,000 individual lawyers and more than 190 bar associations and law societies spanning over 170 countries.

Inspired by the vision of the United Nations, the IBA was founded in the same spirit, just before the Universal Declaration of Human Rights was proclaimed in 1948.

The IBA covers all practice areas and professional interests, providing members with access to leading experts and up-to date information, enabling them to better represent their clients' interests.

Through its various committees, fora and task forces, the IBA facilitates the exchange of information and views among its members as to laws, practices and professional responsibilities relating to the practice of law around the globe.

IBA Asia Pacific Regional Forum overview

In addition to offering an unrivalled opportunity to establish contact among lawyers within and outside the region, and with acknowledged experts on different areas of law, specialist Forum activities provide an unparalleled opportunity to keep abreast of legal business developments in the region. Members also benefit from excellent working relations with national Bars, the Inter-Pacific Bar Association and LAWASIA.

IBA Young Lawyers' Committee overview

In 2004, there was a common understanding that the IBA needed to do more to attract young lawyers to join the association and become active and engaged in its various committees, groups and initiatives. Therefore, the Young Lawyers' Committee was founded with a clear focus on young colleagues and their specific aims and interests, serving as an 'entrance door' for young lawyers and putting them into contact with the rest of the Divisions to become further involved in the IBA. The major goal of all our activities is to create a win-win situation in which young colleagues can enhance their skills and networks thanks to IBA programmes, conferences and other projects, while simultaneously providing the IBA and its constituents with fresh ideas and a vivid contact to the next generation of legal experts and counsel.
