

ADR Online:
An AIAC Webinar Series

THE MODERN-DAY CHANGES & CHALLENGES TO THE CONSTRUCTION INDUSTRY

The golden rule for our webinars is, it is all about you, and not us! Join our expert panellists in this interactive webinar featuring a unique poll-centric experience, as we look forward to hearing from you. In this session [speaker names and credentials, to be inserted] catch up to explore with you, a broad range of topics from an overview of the building, construction and engineering processes, to controversial claim costs, and even approach the latest buzz topic, Building Information Modelling. All attendees will be able to participate with the speakers in real time using the popular Polling feature.
